

**DRAFT Medical Decision Tree for Follow-Up to Developmental Screening Conducted in First Three Years of Life and Referral Opportunities Addressing Risks in Linn County**

**Follow-Up Based on Total Score Across Domains:**

**ASQ Domain Scores**

**Group A: 2 or More in the Black**

**Step 1: Developmental Promotion Provided at Visit:**

1. ASQ learning activities for specific domains identified at risk
2. Information on VROOM

**Step 2: Referral:**

- Early Intervention for an evaluation (use Universal Referral Form)
- **Consider** Referral to Developmental/Behavioral Pediatrician (see DB Peds Referral Cheat Sheet)
- **Consider** Supplementing Medical and Therapy Services under insurance coverage Medical & Therapy Services (See One-Page Summary of IHN-CCO Providers and Coverage – What is IHN's document called?)

**Group B: “At Risk” 1 in Black OR 2 or More in Grey**

**Step 1: Developmental Promotion Provided at Visit:**

1. ASQ learning activities for specific domains identified at risk
2. Information on VROOM

**Step 2: Referral:**

- **Consider** Supplementing Medical and Therapy Services under insurance coverage Medical & Therapy Services (See One-Page Summary of IHN-CCO Providers and Coverage – What is IHN's document called?)

**Group C: “Monitoring” 2 or more Grey or 1 in Black**

**Step 1: Developmental Promotion Provided at Visit:**

1. ASQ learning activities for specific domains identified at risk
2. Information on VROOM

**Step 2: Re-Screen in 3-6 months, set up a follow-up if child does not have a visit**

**Community Resources to Consider for Groups A, B or C:**

- **Child Factor:**
  - Child has a medical Dx or Medical Risk Factors (ex: FTT, elevated lead, seizure disorder) **and**
- **Family Factors:**
  - **Social Risk Factors** (ex: parent with inadequate knowledge/supports, alcohol/substance abuse, or mental illness; teen parent)

- **Family Risk Factors** – Present or exposure to Adverse Childhood Events and would benefit from Home Visiting and/or Head Start
- **Support developmental promotion by addressing issues such as literacy/reading, parenting skills, food insecurity**
- **Refer to: Pollywog:**
  - Health Department programs such as: CaCoon/Babies First (use CaCoon Program Referral Form)
  - Family Tree Relief Nursery
  - Early Head Start
  - Healthy Families
  - Preschool programs/Playgroups
  - Parent/Child classes or Parenting classes
