

## Early Learning Hub of Linn, Benton & Lincoln Counties

### Parent Engagement Coordinator: Vision

#### EL Hub Goal 1: The early childhood system is aligned

- **Indicator 1-2.A** Demonstrated meaningful engagement with children and families from all of the communities served by the Hub.
- **Indicator 1-3.A** Demonstrated engagement with culturally-specific community based organization as partners in delivery of services to children and families.

#### Annual Work Plan

- Elect a parent from Head Start Policy Council and a Home Visitor (i.e. Family Advocate) to act as a Hub Representative to increase interaction with the Hub and to get voices of parents heard at the Hub.
- Develop a diverse Parent Advisory Group.
- Attend parent meetings and local culturally specific organizations.

#### Engagement Strategies

??

#### Activities

- Attend current advisory groups (i.e. Kidco Policy Council) and pass along opportunities for EL Hub involvement and potential support.
- In the future, develop a Hub Parent Advisory Group as we meet parents and develop relationships.
- Target discussions with culturally specific organizations located in school service areas identified as priority communities for Hub targeted early learning supports.
- Ask parents for feedback on their communities and on relevant data so we can incorporate the parent voice in planning.

**Parent Engagement: Potential Focus Groups**  
**February 2016**
