MEETING CALLED BY	Lynn Hall
WORK GROUP MEMBERS PRESENT	Eric Pommier, Alicia Lucke, Rich Waller, Aoife Magee, Shirley Blake, Jerri Wolfe, Lynn Hall, Kristi May, Cindy Bond, Anna Menon
VERSION	Final
RECORDED?	No

Agenda topics

DISCUSSION ITEM	Review of Infographic Data and Equity Trends (LeAnne Trask, Anna Menon)
	Early Intervention slide: changed photo, added logo, reworded first bulleted paragraph. Finalized
	Early Childhood Special Education slide: added logo, reworded first bulleted paragraph. Finalized
	Developmental Disabilities slide: added logo, reworded first bulleted paragraph. Finalized
	Oregon Preschools slide: added logo, gave data to Jerri to review (she has questions about it). Reviewing
	Regular School Attenders slide: added logo, added legend (dark blue men), added state average. Kristi May presented this information at the Superintendent's Meeting, and they told her that the information was incorrect and they didn't want us to distribute this slide. They asked if we would instead create an infographic about absenteeism and explain the issues. The group decided to honor the Superintendent's wishes and retire the slide.
	Anna showed her Targeted Funds Equity Assessment Tracking:
	- Percent served in priority populations by region, and quarters 1, 2, and 3
	- Breakdown of partner data from contract feedback
	- All children of color included in "at-risk" numbers
	- Will be sharing with the State and the Superintendents

DISCUSSION ITEM	Summit
	The Summit has been scheduled for Friday, October 20, 2017 at the LBCC Forum Auditorium.
	We will begin by inviting people in our Hub region.
	This will be a "no cost" event. The cafeteria will be open across the hall to provide food.
	We will be providing research in the morning session.
	We will be providing applications in the afternoon session.
	Megan McClelland has confirmed, and will be talking about "Self-Regulation".
	PSU has confirmed, and will be talking about "Approaches to Learnings Impact on Math and Literacy".
	We are still looking for someone to talk about gender.

We plan to provide a panel in the afternoon: things happening in our area, Yoga Calm, meetings with preschool and kindergarten teachers, something regarding childhood sleep patterns, approaches to learning presentation about our region by Anna?, disabilities found in boys, local camps that focus on outdoor learning and boys, playgrounds that are more natural settings to encourage play and learning.

DISCUSSION ITEM	New Hub Metrics (Kristi May)
The previous metrics didn't have consistent data sources or were completely unmeasurable	
Looking at three broad Hub goals	
Looking at balancing the numbers with the reality of our region	
Waiting for the next Early Learning Council meeting to present the new metric options and get their approval before the information can be released to the Hubs and their partners.	

DISCUSSION ITEM	Next Steps
Review 211 data for Quarters 2 and 3 (is has been requested from Jake)	
Renew new metrics from ELC (maybe)	
Review progress of Summit preparations	
No August meeting for D&E Work Group	

NEXT MEETING	Tuesday, July 11, 2017
9:30-11:30am OSU Extension Offices, Newport	
MEETING ADJOURNED	11:22am
