## 2020 Holiday Resource Guide Information

It is the hope of the Pollywog Family and the Early Learning Hub that all in our community has what they need to celebrate the upcoming holidays. With that in mind, we'd like to make some suggestions.

1) Resources are especially limited this year, due to a drop in normal donations and the multiple stresses on our communities this past year. Most organizations offer holiday gift resources as first come, first served so contact your community's organization regarding your family's needs as soon as possible.

2) Always call to check hours of operation, location, and methods of distribution as they may change after this guide's publication.

3) Unless otherwise noted, meals to-go are generally open to all in a community. All holiday gift and food programs are open to those who meet income and/or residence requirements. Some food pantries will request

income information to ensure that resources go to those who need them the most.

This time of year is always one for giving thanks for what we have, but 2020 has not been a typical year. So many of us, our friends, and our neighbors have been affected by tragedy. We have lost loved ones, jobs, businesses, homes, opportunities, and more.

Many are facing the holidays with heavy hearts. These tragedies are not quickly healed but as a community we can make the recovery a little easier. If you find yourself with a little extra this year and want to help your neighbors, all of the organizations listed here are in need to donations. Contact them directly to volunteer your time or make donations. Your gifts will be deeply appreciated.

Wishing you peace and joy, from all of us at Pollywog and the Early Learning Hub - Kristi, LeAnne, Lynn, Matt, Shirley, and Connie.
